The right garage door has a great impact on the curb appeal of your home. Wayne Dalton offers a wide selection of designs, colors, materials, windows and accessories that best compliment your home. Transform your home with unlimited possibilities. Use this Selection Guide to see an overview of our residential product offering. It is divided by categories that define the construction and materials of the door with each category walking you through the 3 step designing process.

1. choose your style
2. choose your color
3. choose your windows
7000 Series Wood Doors

Door Construction

Real wood doors are naturally beautiful. Wayne Dalton wood doors possess a level of craftsmanship and class unmatched by any other. See your options below to custom build the door of your dreams.

**Premium Construction**
Models 7400-7412
Paint or stain grade, insulation standard. 2" four-layer construction. Polystyrene insulation provides an R-value of up to 4.75.

**Premium Construction**
Models 7420 Wide - 7421 Narrow
Paint or stain grade. 1-3/8" thick rail and stile construction with panel inserts.

**Standard Construction**
Model 7101-7105
Paint or stain grade, insulation optional. 1-5/8" thick rail and stile construction with panel inserts.

Choose your style:

Craftsman Collection

Simple arts and crafts styling with natural details create the perfect addition to your Craftsman designed home.

- **Model 7104 Palomino Wide**
- **Model 7105 Stallion Wide**
- **Model 7420 Cabriolet**
- **Model 7104 Palomino Narrow**
- **Model 7105 Stallion Narrow**
- **Model 7421 Brougham**

Square and arched tops are shown for each model. See full brochure for all available facing, window and decorative hardware choices.
Equestrian Collection
Wayne Dalton’s Equestrian Collection derives its design inspiration from stables around the world infusing warmth and character to your garage door.

Model 7101 Clydesdale Grooved
Model 7102 Appaloosa Grooved
Model 7410 Saratoga
Model 7412 Derby

Model 7101 Clydesdale
Model 7102 Appaloosa

Colonial Collection
Utilizing architectural styles dating back to colonial times, Wayne Dalton’s Colonial Collection exemplifies this style with strong, simple lines and large windows.

Model 7400 DelMar
Model 7401 Preakness
Model 7402 Churchill

Model 7100 DelMar Grooved
Model 7103 Mustang

Square and arched tops are shown for each model.

See full brochure for all available facing, window and decorative hardware choices.
All doors are provided in unfinished, paint-grade or stain-grade wood. Depending on the collection, you can select wood options below:

Model 9405 Charleston, custom paint, Stockton windows, decorative hardware
Carriage House Steel

Original Carriage Houses are rare to find in this era, but the old world charm with the look of swinging stable doors has endured. Wayne Dalton offers several options of Carriage House doors utilizing large windows, multiple colors and stains as well as different panel designs to accessorize your home with style.

- Decatrim™ II - Traditional raised wood material overlays to create the sharp lines of the original carriage doors from years past
- Two layers of steel creating one of our most durable doors

**choose your style:**

- Arlington (Square)
- Ashburn (Arched)
- Bellview (Square)
- Brunswick (Arched)
- Lexington (Square)
- Savannah (Arched)
- Richmond (Square)
- Somerset (Arched)
- Springfield (Square)
- Kingston (Square)
- Westfield (Square)

All door top sections are available in arch or square design. Most double-car designs appear as 2 single-car doors side by side.

**choose your colors:**

- White/White
- Almond/White
- Taupe/White
- Brown/White
- Black/White

CONTACT YOUR LOCAL BUILDING OFFICIAL FOR CODE REQUIREMENTS.
choose your **windows:**

Window patterns are shown for a typical single-car door. Spacing of windows may change depending on door size. Not all windows are available in all door sizes.

**DecaTrim™ II Windows**
The following standard window options feature a smooth DecaTrim™ II overlay board to match the door’s design.

- **Clear II**
- **Cascade III**
- **Stockbridge**
- **Stockton III**
- **Arched Stockton**
- **Waterton III**

**Cold Environment Windows**
For northern regions with extreme cold environments, the following upgraded windows are strongly recommended. These windows include two plastic frames that provide an extra seal to protect the door section from harsh weather conditions.

- **Clear II**
- **Cascade III**
- **Stockbridge**
- **Stockton III**
- **Arched Stockton**
- **Waterton III**
Full-View glass panels beautifully fuse indoor and outdoor spaces, enhancing your home’s glass expanses and patios. Models 8800 and 8850 are available with optional polyurethane insulation.

**choose your style:**

Full-View doors with equal panel spacing are designed to complement your home’s clean, modern look.

Check with your dealer before purchasing doors to make sure you choose the right frame to match your window choice. If you are ordering a 16’ or wider door, as well as a single door, ensure that the door frames match.

**Light-Glass Frames**

- 8’ and 9’ Wide (2 panel)
- 16’ Wide (4 panel)

**Heavy-Glass Frames**

- 8’ and 9’ Wide (2 panel) - Special order only
- 16’ Wide (4 panel)
- 18’ Wide (5 panel)

Panel spacing drawings shown are for illustrative purposes only and do not reflect actual stile and rail dimensions. If double reinforced frame is ordered, other doors must be ordered from that grouping to match and may incur an additional upcharge. See dealer for details.

Due to the weight of this door, it is only offered in the double reinforced frame.

**choose your colors:**

**Anodized Finish**

- Clear (Standard)
- Dark Bronze (Optional)
- Black (Optional)

**Paint Finishes (optional)**

- White
- Brown

**Powder Coat Finishes**

Select from 188 powder coat color options to best match your home.

Actual color may vary slightly from brochure due to fluctuations in printing process. Color samples are available by request through your local Wayne Dalton dealer.
choose your windows:

A wide variety of glass colors, tints, and styles are available. Most panel styles are also available in both single pane and insulated configurations.

- 1/8" Clear Glass
- Green Tinted
- Gray Tinted
- Bronze Tinted
- Satin Etched
- White Laminated
- Obscure
- Multi-Wall Polycarbonate

We also offer multi-wall polycarbonate in Clear, White, Bronze in lieu of glass. See your Wayne Dalton Dealer for details.
## Classic Steel

Traditional designs that feature raised or recess panels to create a stylish yet economical design. They will match all design styles and have many options to choose from in windows, colors and more.

- Made with two layers of steel and polyurethane foam insulation, Models 8300 and 8500 are extremely durable, with an R-value* of up to 16.22
- Offered in four designs with factory-finished colors or an optional bi-directional wood grain finish that emulates the beauty of real wood

**Not all windows available in all areas. Consult your dealer for details.**
Engineered to be maintenance-free and provide an elegant look that will last a lifetime. It won’t rust, fade, crack or dent. Great for coastal areas with lots of moisture and wind wear.

- The model 8700 comes in two panel designs that offer the timeless design of freshly painted hardwood
- This door has full PVC color construction. This means scratches will never show because the color goes all the way through the material
- The UV-Resin used in the door’s construction contains special polymers that protect the door sections from the sun’s harmful ultraviolet rays
- R-11.75 polyurethane insulation is permanently bonded to the vinyl skin for thermal efficiency, durability and added rigidity
- Twin 20-gauge steel C-channels run full length of each panel and are anchored to interior steel stiles for strength

Model 8700 glacier white finish, Colonial panel, Ruston windows
Wayne Dalton’s decorative hardware collections bring a distinctive, yet subtle, touch of individuality to your garage door. People will notice your attention to detail and your striking good taste. Every piece is made from black powder coated steel with a handle-hammered look. Additional accent pieces are available to match or complement each collection.

Additional Decorative Hardware options are available. See the full brochure or dealer for details.
Door panels are engineered with a pinch-resistant design to prevent finger injuries while the door is closing.

The TorqueMaster® Plus counterbalance seals springs safely inside a steel tube to prevent accidental release of tension that could cause injury.

Wayne Dalton doors feature horizontal integral struts at the top and bottom of door sections which adds rigidity and strength for long life and smooth operation.

SilentGlide™ rollers have nylon wheels and solid steel shafts to provide years of smooth, quiet, dependable service.

The bulb-shaped bottom seal remains flexible even in extreme cold to help keep the bad weather outside.

Features not available on all models. See dealer for details.
How to measure for your Wayne Dalton Garage Door

A - Exact finished opening width
B - Exact finished opening height
C - Sideroom – distance from the edge of the door opening to any wall or obstruction
D - Headroom – distance from the top of the finished door opening to the ceiling or underside of joists
E - Room depth – distance from the finished door opening to the back point where hardware or the opener will extend
# Garage Door Openers
